## From the Bethel Town Office

The Town of Bethel is now an agent of the Secretary of State's office for the issuance of new registrations and transfers for the operation of automobiles, motorcycles, mopeds, trailers, farm tractors and trucks registered for not more than 6,000 pounds gross vehicle weight. This is in addition to the re-registration program that the town has participated in for a number of years. The charge for the registration and transfer program is \$2 over and above registration, transfer, sales tax, and title fees. This fee is retained by the Town.

The Board of Selectmen met in regular session Monday evening, July 13, in the meeting room of the Bethel Savings Bank.

Following a public hearing, the Board approved an Affirmative Action Plan to be used in conjunction with the Town's Employee Personnel Rules and Regulations.

Members of the Recreation Board met with the Selectmen to review the status of summer program activities and it was reported that all programs were having good participation and that programs were running smoothly. Carolyn Holden co-chairperson of the Recreation Board also discussed the Recreation Board's desire to increase the number of members from 5 to 7 to provide more people to oversee recreational activities.

The Selectmen indicated that an article would be placed in the Sept. 15 Special Town Meeting Warrant to let the voters consider increasing the size of the Recreation Board. Members of the Recreation Board also indicated

that they were exploring the possibilities and costs for constructing tennis courts and indicated they would get back to the Selectmen once more information is available.

Ed Quinn and Ernest Perkins, representing the Parking and Traffic Committee for the Indian Raid Celebration met with the Selectmen to report on parking arrangements to date and to discuss the closing of Mill Hill Road, around the Common and making Church Street one-way and directed the Manager to work with the committee and the Police Chief to implement these changes during certain hours on Aug. 1 and 2.

A buried cable permit was approved for Continental Telephone Co. for the installation of telephone cable on the Bird Hill Road and the Selectmen signed a quit claim deed for Neil and Linda Olson releasing old tax liens which had been paid but not properly discharged.

The Selectmen agreed to work with the State Department of Transportation to upgrade the intersection of Route #2 and Old Route #2 in West Bethel in conjunction with the State's paving of Route #2 from Lovers Lane to the Gilead line. The Town will do the base construction work and the State will do the paving.

In other actions, the Board reviewed the June financial statement and approved upcoming meeting dates. The next regular meeting of the Selectmen will be Monday evening, Aug. 3, at 7 o'clock in the meeting room at the Bethel Savings Bank.

## TAXPAYERS ASSOCIATION MEETING TONIGHT (JULY 16) AT SAVINGS BANK

The 1981 Music Festival is being held Mollycoddett Day, Saturday afternoon, July 18, on the Bethel Common. The Festival is sponsored by the Bethel Rotary Club.

Ten spectators will be polled after each performance and asked to score in points from one to ten in two categories; instrumental performance and vocal performance. There will be prizes for the best overall performance, a trophy plus five hour recording session, and for runner-up, a two hour recording session. Trophies will also be awarded for best instrumental and best vocal. All performers will receive a ticket for the chicken barbecue and the leader of each group will receive \$5 worth of gasoline.

The schedule follows: 4:30, M. O. David Perham; 4:40, Peter David Robertson; 5:00, Donny Katlin and Company; 5:30, Terry James and Company; 5:50, Lynn Myers, children's sing-along; 6:10, Herman Lablanc; 6:30, Dick Hanes, Classic Blue Grass; 7:00, Jay Roy; 7:20, Jerry Evans; 7:40, Timberlake and the Crayons, Pop Rock; 8:10, Jimmy Green and his Jam Session Band; 8:30, Joseph Perham; 9:00, Maine Stream, Easy Rock; 9:30, Apathy, Rock and Country; 10:00, Matt Cyr, The TKO; 10:30, General Jam Session; 11:00, Awarding of Prizes.

## SUMMER PLAYGROUND COMPLETES FIFTH SEASON

With Friday's Olympic games the Summer Playground Program completed another summer of programmed activity for children. Sponsored by the Bethel Recreation Board, the program is directed by Gail Sysko, who has served in this role for the past four years, Brenda Lyon having directed during the start-up year of 1977.

Originally, the director's duties, besides planning, organizing, and implementing a program, was one of giving direction to a crew of volunteer leaders. Now there are three full-time paid staff members, plus a small volunteer force of 7th and 8th graders. The greater supervision and talent from the increased staff has made the program workable and enjoyable, in addition to being rewarding for the participants.

The numbers of children coming to play each day vary greatly, from 19 on the first day (it rained) to 52 on the second. Participation averaged 36 the first week, 30 the second, and 25 the third. Intense summer heat contributes to the decline in numbers, as families prefer to vacation at swimming areas.

When volunteers were asked of 7th and 8th graders this season, there was found to be far too many than needed, which has led to the question of serving Bethel youth in this age group with supervised activity. Young and active, this age group could use a scheduled program of games, such as high school intramurals are, and serve the recreational interests during the school year. It would be good if some one or two might approach the Recreation Board on this issue with suggestions and especially leadership, that there might be plans made for a joint program for next summer's youth recreation services.

## Northwest Bethel

Clarice Gibson, Corres.

July 13 and we are having a nice rain after a hot, humid week. Not a very good week to work out door as it was so hot. Everything in the garden is coming along fast. The George Gilberts have beautiful flowers along the fence, by the house and a little garden out front. At least I am finding people at home, or in the house, because of the rain; but most of the news is we have been haying, working in the garden or yard work.

The 7th Mrs. Evelyn Hilborn had a belated birthday party for her friend, Mrs. Bertha Flanders. Locke Mills, Francis Farnum, Bryant Pond, brought the cake. Kay MacAllister and Louie Coffin of West Paris also visited. Kay brought a belated birthday gift to take to Ellen in Toronto and Bertha brought a batch of homemade blueberry muffins. Pictures were taken and Mrs. Hilborn's dog, Toby, not only joined the party but also in having his picture taken.

Brian and Eric Anderson, sons of Mr. and Mrs. Steve Anderson, visited their great aunt, Elizabeth Monse in Sudbury Village.

Marilyn Parker visited her uncle and wife, Mr. and Mrs. Lester Butters.

Mr. and Mrs. Daniel Hamon's girls and Mr. and Mrs. Jeff Hutchins girls have been going to the summer playground.

Mr. and Mrs. Leslie Lapham had as guests Sunday her niece, Laura Wilson Messenger and children, David and Sharon, of San Jose, Calif. In the evening, Mr. and Mrs. Steve Wilson and Jennifer of Bangor came to pick up Laura and went to visit their uncle and aunt, Mr. and Mrs. Guy Gibbs.

Saturday, Mr. and Mrs. Lester Butters took Muriel Butters to visit Seymour Butters at Stephens Memorial Hospital.

Friday, Linda Howe, made a call at Mr. and Mrs. Leslie Lapham's.

July 2 Mr. and Mrs. Victor Coolidge and three daughters went to Jefferson, N. H. and spent the day at Santa's Village.

Sarah Coolidge started swimming lessons at Songo Monday.

Kristy Angevine, daughter of Mr. and Mrs. Dick Angevine, had her 14th birthday July 8. Ernest and Alberta Angevine came for cake and ice cream in the evening and Friday Sue, Tim and Kristy went to Rumford, shopping. Sherri Angevine called from New Mexico Sunday and said they had had their first two performances of Guys and Dolls.

Frank and Sylvia Benson had for Sunday dinner, Mr. and Mrs. Bradley Benson, Poland, and Mr. and Mrs. Davis Kimball, Waterford.

Thelma Merrill left July 8 for her brother's, Leland Bond, in Hampstead, N. H.

Joannine Fleet, Corres.

Mrs. Grace Jackson and Kim are at their home here for the summer. Her daughter, Liz, and children are here for a few days.

Mr. and Mrs. Mark Helbert have moved into the Ruth Crosby farm.

The hot and humid weather brought out a lot of swimmers to the good swimming holes.

Mr. and Mrs. Ed Daye spent a few days at the coast.

Darmita Yates, Eva and Ken, spent the week end with her parents, Mr. and Mrs. Bryce Yates.

Mr. and Mrs. Jeff Yates and children were at Long Lake camping over the week end.

Sent in by Eva Yates:

Monday morning and not as nice as the past few mornings. Looks like rain and we need it—the wind the past few days has done a good lot of drying everything. The Go-Shoes have hung on the hook all week till Friday and then only a quick trip to town. Saturday night we went to Bear River Grange for election of officers. Not members enough to even hold a meeting. So we had our supper and did a lot of talking. Our next meeting will be Aug. 8 with the usual pot luck supper. Members have no interest and no matter how inconvenient it's going to be to some it looks now like Bear River Grange hall doors will be closed to all very soon. For how long no one knows. We still have members enough to carry on our Grange but they can't or won't come through, that's it.

Sunday, Peggy Blake, Joe and Eva Yates joined the Bernard Hutchins family for a cook out at East Andover. A good time and full bellies was had by all.

Mr. and Mrs. David Buck from Florida was an overnight visitor of his brother, the Jeffrey Yates, and family, Wednesday.

Gary Yates of Norway joined the family of his brother Jeff Wednesday night for a cook out.

Sunday evening callers of Joe and Eva Yates were Bryce and Barbara Yates and Paul Billings of Bryant Pond. Come again.

The Yates', Eva and Joe, called on Benton Swan, Saturday night.

James Swan has been working on his house lot the past few days. He sure is a busy boy and has a lot of wood on his yard to show for it. He works—he doesn't seem

## GOLF NEWS FROM

THE BETHEL INN

Jack Brooks surged into first place last week in the Men's Twilight League action at the Bethel Inn and Country Club. Brooks, who earned six points, moved past second place John Morton by one point. In Women's Twilight League Je-Jeri Brooks continued to play consistently and held on to her first place position. Anne Moran remained in second place while Sue Crane popped up to third. Next week is the last week in the first half and there should be a close finish. A fine turnout of 11 teams participated.

to have to stop neither for cigarette nor coffee breaks.

Lots of people are interested in the big round rolls of hay in the fields here and there. The cars going by will stop and take pictures of the bales of hay with people sitting on them or standing beside them.

Peggy Blake and Lorna Carter were in New Hampshire one night this past week shopping.

We have both good and bad news of some of our Grange members. The good is Earl Hutchinson is gaining every day; the bad is Edna Howes is having trouble with her bad arm.

M. S. A. D. #44

Superintendent's  
Newsletter

Dr. Wayne F. Gersen

For the past three years, students in S. A. D. #44 have taken the California Test of Basic Skills, a standardized achievement test, in the spring. The deficiencies of standardized testing have been outlined in detail in the media, primarily in response to the widely publicized decline in S.A.T. scores. Despite their well documented shortcomings, standardized tests can help a school district and its individual students identify relative strengths and weaknesses.

In assessing the strengths and weaknesses of the programs in S. A. D. #44 it is important to keep in mind that overall, our district's obtained achievement has not been substantially lower than the national norm group in any of the six content areas at any grade level for the past two years. Thus, the weaknesses and strengths described in this article are relative weaknesses and strengths.

The information following is based on an analysis of test data from the past two years. Items were not listed as strengths or weaknesses unless they were cited as an area of important difference for the past two years.

Grade 3: strength — language arts; weakness — mathematics.

Grade 4: strengths — reading, language arts, mathematics, reference skills, science, social studies; weakness — mathematics.

Grade 5: strengths — mathematics, reference skills; weakness — mathematics.

Grade 6: strengths — reading, language arts, social studies, mathematics; weakness — language arts.

Grade 7: strengths — reading, mathematics; weakness — mathematics.

Grade 8: strengths — reading, language arts, science; weakness — mathematics.

Grade 9: no strengths were listed; weaknesses — language arts, science, mathematics, social studies.

Grade 10: strength — science; weaknesses — language arts, mathematics, reference skills.

Grade 11: strength — science; weaknesses — reading, language arts, mathematics, reference skills, social studies.

Reviewing the results of the foregoing, the following conclusions can be drawn:

**Areas Needing Improvement:** The mathematics curriculum is the weakest area in our district. The ninth grade is the grade level most in need of improvement in our district. High school students exhibit more deficiencies than elementary and middle school students, with language arts and reference skills weaknesses evident in the upper grades.

**Areas of Strength:** The Ginn Reading Program, implemented

## T.T.A.E.R.S. News

(Tri-Town Ambulance &amp; Emergency Rescue Service)

Calendar Sales are underway in each of the towns. Chris Hefley is in charge of Bryant Pond. Katherine Hakala is in charge of Greenwood. Jean Tyner is in charge of West Paris. And Charlotte Beauchene is in charge of Sumner. Look for a Tri-Town person coming to your door through the end of July. Remember all the fund-raising monies go to the purchase of a new ambulance.

Training night for active personnel is Wednesday, July 22, at 7:00 at Ledgeview. CPR is the topic for training. The next auxiliary meeting is Thursday, July 23, at 7:30 p. m. at the Bethel Savings Bank in West Paris. Please note the change in location.

four years ago, is effective. The only reading deficiency is at grade 11, whose students would have had only one year under the Ginn System. Reading is cited as a decided strength at all other grade levels except grades 3 and 5. Our younger students are getting a sound background in language arts areas. Science, particularly at the grade 10 and grade 11 level, is a decided strength in our district.

**Trends:** Although it is not explicitly reflected in the results reported in the article, our district did show relative improvement in mathematics, particularly in the area of computation skills and concepts. The district's weaknesses in mathematics appears to be centered in the area of mathematics applications. Spelling, cited as a weakness last year at several levels, has improved markedly at the elementary and middle school level, but remains a relative weakness in the area of language arts. Social studies at the high school has emerged as an area requiring attention.

Detailed grade level results will be reviewed by the teachers in S. A. D. #44 in September with the individual student test results being distributed at parent conferences. Questions on these test results can be answered by district administrators.

## Washington Watch

by Olympia J. Snowe  
Member of Congress  
2nd District, Maine

The inscription on the facade of the Supreme Court building in Washington reads, "Equal Justice Under Law."

The traditional Greek sculpture representing this concept always has been a woman blindfolded and holding the scales of justice.

Despite these two facts, it took two centuries for the first woman to be nominated for a spot on the Court. The momentous occurrence finally came to pass last week when President Reagan nominated Arizona Court of Appeals Judge Sandra D. O'Connor to replace Associate Justice Potter Stewart on the Supreme Court.

The move was long overdue. No one has ever made the argument that women are not able to hold their own in the legal arena with men. Women have proven themselves as excellent lawyers, and in many states they have sat on state supreme courts and courts of appeal and have served as federal judges.

Nevertheless, the Supreme Court has remained an all-male bastion for its entire history. In the early years of the court, perhaps this was understandable, since women rarely were accorded the full rights of citizenship granted to their male counterparts. But for the court to have remained all-male up into the late 20th century is unfathomable.

The irony is inescapable. The Supreme Court stands as the final word on the law of the land in our Constitutional system. Its duty is to seek truth in this nation of laws that we call America.

Yet until now, we have chosen to neglect a basic truth when it comes to filling vacancies on the Court. That truth, simply put, is this: women can be excluded no longer from their rightful roles as equals in our society.

One must question how this Court could extend equal justice under law when the majority of the nation's citizens—women—never had representation on the Court. It made no sense.

I expect Judge O'Connor to be confirmed by the Senate, as she has compiled a sterling record of service as a legislator, lawyer and jurist in Arizona. But what will this mean for the Court? Will "Equal Justice Under Law" take on a new and dramatic meaning?

On the surface, it is doubtful that the influence of Judge O'Connor, as one member of the nine-member Court, will be dramatic. No one knows how she might rule on constitutional issues facing the Court. Presidents and governors have been surprised in the past by unexpected opinions rendered by jurists thought to be ideologically tagged.

But at the very least, the appointment of Judge O'Connor to the Supreme Court can serve a useful symbolic purpose. With a

So far they have planned space for 500 vehicles.

Mr. and Mrs. Cecil Conrad entertained at a family dinner Sunday at their home on Main St. Present were: Mrs. Leona Flint, Mr. and Mrs. Alfred Brown, Julia Brown, all of Bethel; Mr. and Mrs. Daniel Hatch, Michael and Matthew, of Hollis, N. H.; and Mr. and Mrs. Peter Howard, Jill and Deborah, of Gorham.

Visitors last week at the home of Mr. and Mrs. Phillip Faudi were, on Thursday, Mr. and Mrs. Phillip C. Faudi, Turner, Mr. and Mrs. Maynard Fleming, and Mr. and Mrs. Lauren Gilbert, Woodstock. On Friday, Mrs. Faudi entertained Mrs. Thelma Fullerton and Mrs. Amanda Martin from South Portland. Saturday caller was their daughter, Mrs. Stephanie Emens, Paris Hill.

Miss Carolyn Davis, daughter of Mr. and Mrs. Jerrold Davis, Cheshire, Mass., graduated July 10 from Holyoke Community College in affiliation with Mercy Hospital, Springfield, Mass., with an Associate Degree in Science of Radiology Technology. She is now employed at the University of Massachusetts Medical Center in Worcester. Mrs. Elsie Davis spent the past week in Cheshire and attended her granddaughter's graduation.

## WINDSHIELD - WINDOW LAW ON STICKERS EXPLAINED

Motorists are reminded that objects or unauthorized stickers put on motor vehicle windows are illegal.

"State law prohibits the unauthorized use of any sign, poster or other nontransparent material upon the front windshield, side wings or side or rear windows," said Col. Allan H. Weeks, chief of the Maine State Police.

According to Title 29, section 1370, the only authorized stickers are the official State inspection sticker and certain stickers used by motor vehicles to perform services of an emergency nature.

The law prohibits any object placed or hung in or upon the vehicle other than the required or provided equipment.

woman sitting on the highest court in the land, it will be difficult for anyone to justify discrimination on the basis of sex in our society.

The president's decision can serve as a symbolic battering ram against the last barricades of discrimination in our country. It is a credit to the president that he has made a choice that others before him shunned.

But most of all, it is about time. We have taken another step toward true equality in our nation.

come into our hearts as we recognize our lost condition—asking God to forgive us our sins—repenting of our evil ways—wanting a better way—the way of Christ, as he said: "I am the way, the truth, and the life." John 14:6, "I have come that you may have life," that we may be saved.

In accepting Christ as the Lord we receive "the crown of life" 2 Tim. 4:8—the indwelling of the Holy Spirit—God takes residence in our hearts—it becomes a seat of love—and is passed from death unto life—John 5:25—"and that our life is in the Son."

Ephesians 3:14-19: "For this cause I bow my knees unto the Father of our Lord Jesus Christ, of whom the whole family in heaven and earth is named, that he would grant you, according to the riches of his glory, to be strengthened with might by his spirit in the inner man. That Christ may dwell in your hearts by faith; to know the love of Christ," "which passeth all understanding."

BETHEL LEGIONNAIRES AND AUXILIARY MEMBERS ATTEND 63rd LEGION CONVENTION

Legionnaires and Auxiliary members who recently attended the 63rd annual American Legion Convention at Waterville are as follows: Commander, Joe Taylor; 1981 County Historian, Dana Brooks; Finance Officer, Robert Lowe; 1981 District Adjutant, Caroline Brooks; and former Post Historian, Maurice Bouchard, now residing in Norridgewock.

Attending from the Unit were President Ramona Lowe; present Dept. Historian and Unit Secretary, Jeri Brooks; Unit Sgt.-at-Arms, Rose Taylor; Josephine Tripp, and Romaine Bouchard of Norridgewock.

The Post and Unit received its share of awards and honors. Among them, Caroline Brooks being named to the Distinguished Guest Committee. In this capacity she had the privilege to escort to the speaker's rostrum, Governor Brennan; Senator William Cohen; Senator George Mitchell; James V. Day, a long-time member of the Maritime Commission in Washington, D. C.; former National Commander William Rogers, and many other notables, all who spoke on different subjects.

Post Historian Dana Brooks received a beautiful engraved plaque as first prize award for a Post History and a second place award, Oxford County History. Commander Joe Taylor received a commendation award for equaling or excelling in membership for 1981 as compared to 1980.

The people of Bethel should be very proud to be able to lay claim to the fact that within their midst they have an organization such as Mundt-Allen Post #81 and Auxiliary. The awards this unit received were almost too numerous to mention. A great many people don't realize the work these ladies do as they more or less "don't blow their own horn". Nevertheless the following awards prove that much is being done in the background that deserves recognition: National and Department Citations for Membership; third place, Americanism, yearly report; first place, Sharon Daye, Americanism Essay; Foreign Relations Award, Adeline Dexter; first place, District Membership; second place, Scrapbook, Monique Rolfe; History Award, Jane Rolfe; Granddaughter Certificate to Elizabeth Doucette; 50 hour Children and Youth Volunteer pins, Edith Hejduk, Josephine Tripp, Mary Brown, and Maryvonne Wheeler; Jeri Brooks, The Chapel of Four Chaplains award in recognition of service to all people regardless of race or faith.

# WOODSTOCK HISTORICAL SOC. ENJOYS PROGRAM ABOUT CEMETERIES

Steve Seames presented a program on the restoration and preservation of cemeteries at the last meeting of the Woodstock Historical Society. He ranged over a variety of subjects. He spoke of various agencies involved in preservation, research on obscure gravesites, the nature of some of Woodstock's cemeteries, old epitaphs, various methods of preservation from cutting bushes to cleaning stones, and he gave a demonstration of cleaning a stone with chemicals. It was a lively, engaging presentation.

Also at the meeting recent donations were cited. Robert Billings gave a large metal file; Larry Billings, a collection of books by Maine authors and a small reference library; Hazel Brooks, an old tapestry; Annie Crockett, a collection of old pictures including centennial pictures of the town and also the high school yearbooks; Glen Brooks, some very old news articles; Earle Noyes, a beautiful tintype of the old carriage shop; Dorothea Hooper, assorted pictures of the town; and Mr. Lakeway, a Hemingway milk bottle, an article on Birchmere, and a ski medal.

Curator Larry Billings reported that the Society needs household items and tools and explained a questionnaire members could fill out to make a collection of reminiscences of town history.

Tickets are still available from Society members for prizes to be awarded at the August meeting. Donor of prizes are: The Boiler Room, \$25 dinner for two; Village Store, a turkey; Larry's Garage, oil change and grease job, \$15 value; Telephone office, \$5 certificate; Kay McAllister, pillow; Starr Segun, \$5 certificate; Fay Corrin, hanging plant pot; Nadja Bollo, picture; Mary Billings, a billfold. This month there will also be a Society fair July 25 from 10:30-3:00 at the Grange Hall. There will be plenty of booths and a food sale. Plan to participate in some of these activities and help this new organization to continue growing.

Elden Hathaway has promised to donate at least one phone, possibly more, to the Historical Museum. The Society is very grateful to Elden, a member of its Board of Trustees, for making certain that some artifacts from the last old-style phone system in the country will thus be preserved for the citizens of Woodstock. Pictures will also be taken of the phone company for the museum files.

The South Woodstock Church organ is also now in the museum, thanks to the Willing Workers. Ralph Hoyt and Fred Sawyer helped move the organ. Elsie Davis also gave some documents from the South Woodstock Post Office.

## FRANKLIN GRANGE

Franklin Grange, Bryant Pond, held their regular meeting July 6, when the new officers for 1981 and 1982 were elected. The Deputies, Brother Lewis and Sister Myrtle Blsbee, were present for inspection.

The Lecturer's theme, "Maine", graced the program by the singing of "Maine is Our State" followed by 16 questions on Maine. The Deputies were called upon for a few remarks. The closing thought, "Think It Over" and "Put on Your Old Gray Bonnet" accompanied by Brother and Sister Riley, was sung.

There were 15 members and two guests from Oxford Grange present. Refreshments were served after the meeting.

## Greenwood City

— Mrs. Colista Morgan, Corres. —

Did you hear anyone say this last week, "Isn't it HOT!"

But the days here were beautiful; filled with breezes at almost all times.

In spite of certain discomforts it is a nice time of year. There is the spirit of tranquility over all the land. The sun is a molten golden ball high in the blue. Barn swallows swoop, catbirds scold, cows gather in groups under trees and chew and chew, on and on.

The sweet fragrance of freshly cut grass wafts in the sunshine. The clack, clack of machines can be heard across the fields for it's haying time.

Hay harvest time is a period of hustle and anxiety; especially if it looks like showers and the best grass is down.

How much easier it is today to bale than when it had to be pitched on the rack and stored away on the barn scaffold.

After my day of lawn mowing or working in the garden and Clyde's in the hay field how good it was to spend the evening on the lawn. At first, half the water lay dark and obscure, while over the other the setting sun still played, transmuting it into a sheet of tremulous gold. We could glimpse the mountains folding one behind the other and a few clouds above the trees.

Wood thrushes sang in the tender twilight of a summer evening, illumined by the flicker of fireflies, those tiny stars of earth, twinkling near the woods.

Below us across the road the dark mirror of the outspread pond shone beneath the moonlight; threaded with slim tremulous white fingers the foliage of the trees. My flower garden, that small space of blossoms, was flung into deep shadow by the branches.

We listened to the far-from-silent evening. Twice mother duck appeared with her brood then gripped by some excitement flapped away with babies close by.

Green frogs occasionally broke out in sudden strumming, which ended as quickly as it had begun.

We saw bats and birds high, high above the trees, the pond, and the house.

Robins and purple finches added their voices to the shadows staying until the stars came out.

Local representatives of the Bureau of the Census will conduct a survey of employment in this area during the work week of July 20-24, 1981, Arthur G. Dukakis, Director of the Bureau's Regional Office in Boston, announced recently.

The survey is conducted for the U. S. Department of Labor in a scientifically designed sample of approximately 71,000 households throughout the United States. Employment and unemployment statistics based on results of this survey are used to provide a continuing measure of the economic health of the nation.

For example, in May the survey indicated that of the 107.4 million men and women in the civilian labor force, 99.2 million were employed. The Nation's unemployment rate was 7.6%, up from the 7.3% registered during the prior three months.
